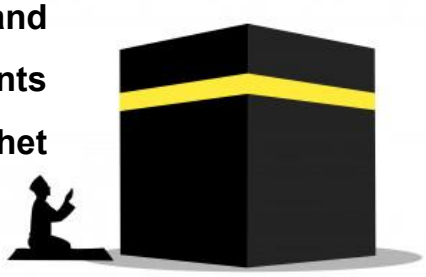
# The Importance Of The Kaabah

**Billions of Muslims perform prayer five times a day, facing the Holy Kaabah in the Masjid Al-Haram in the Hejaz Region of Makkah, Saudi Arabia. This spiritual unity teaches us the true purpose in life. Every Muslim dreams of visiting the Holy Kaabah, whether to perform Umrah or Hajj.**

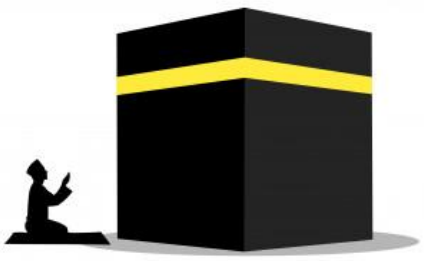
**There are several events that unite Prophet Ibrahim's son, Prophet Ismail (peace be upon him), with the spiritual pilgrimage of Hajj. Amongst them is building the Kaabah's foundation. He was obedient to Allah's command when his father asked him to sacrifice him. Zamzam was the water blessed by Allah to Hajer, who was searching for water between Mount Safa and Marwa and walked seven times (Sa'ee). His descendants were the seal of the Prophets, Prophet Muhammad (peace be upon him).**



# The Importance Of The Kaabah

**These stories and rituals remind us of the importance of faith, patience, and obedience in daily life. For young Muslims, reflecting on the determination of Hajer, the trust of Prophet Ibrahim, and the unity experienced in facing the Kaabah can inspire them to remain steadfast in their prayers, uphold good deeds, and find strength in times of hardship.**

**Therefore, visiting Makkah not only strengthens Muslims and their civilization but also connects these timeless lessons to the everyday journey of faith (Imaan).**



۞ جَعَلَ ٱللَّهُ ٱلْكَعْبَةَ ٱلْبَيْتَ ٱلْحَرَامَ قِيَـٰمًا لِّلنَّاسِ وَٱلشَّهْرَ ٱلْحَرَامَ وَٱلْهَدْىَ وَٱلْقَلَـٰٓئِدَ ۚ ذَٰلِكَ لِتَعْلَمُوٓا۟ أَنَّ ٱللَّهَ يَعْلَمُ مَا فِى ٱلسَّمَـٰوَٰتِ وَمَا فِى ٱلْأَرْضِ وَأَنَّ ٱللَّهَ بِكُلِّ شَىْءٍ عَلِيمٌ

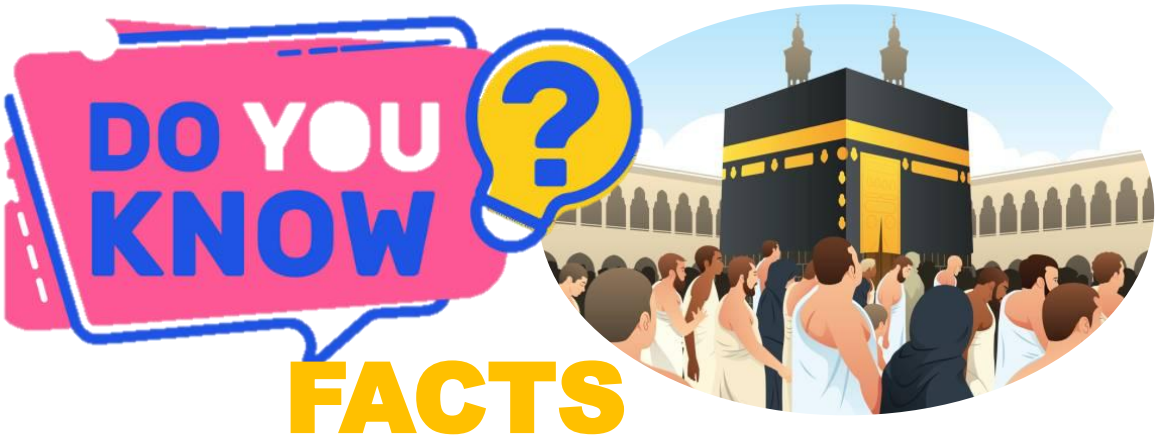
**Allāh has made the Kaʿbah, the Sacred House, standing1 for the people and [has sanctified] the sacred months and the sacrificial animals and the garlands [by which they are identified]. That is so you may know that Allāh knows what is in the heavens and what is in the earth and that Allāh is Knowing of all things.**

**[Surah Al Maidah (The Table Spread): 5:97]**

وَإِذْ بَوَّأْنَا لِإِبْرَٰهِيمَ مَكَانَ ٱلْبَيْتِ أَن لَّا تُشْرِكْ بِى شَيْـًٔا وَطَهِّرْ بَيْتِىَ لِلطَّآئِفِينَ وَٱلْقَآئِمِينَ وَٱلرُّكَّعِ ٱلسُّجُودِ

**And [mention, O Muḥammad], when We designated for Abraham the site of the House, [saying], "Do not associate anything with Me and purify My House for those who perform ṭawāf1 and those who stand [in prayer] and those who bow and prostrate.**

**[Surah Al *Hajj* 22:26]**



**Fact One:**

**The Kaabah is also known as Bait Al-Atiq, Bait Al-Haram, Bait Allah and Khana Kaaba.**

**Fact Two:**

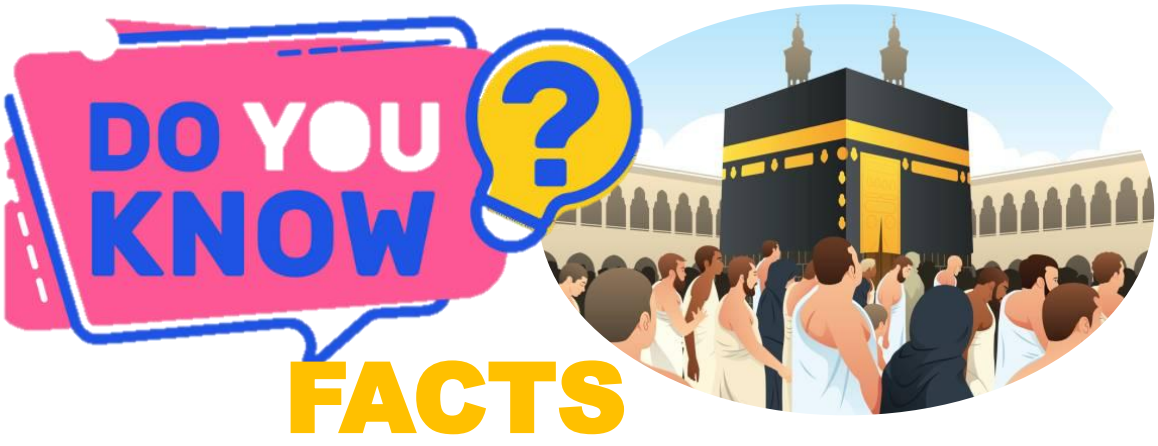
**The Kaabah is not Allah's home but is a metaphorical representation where it presents the centre point for Hajj and Umrah and direction of the prayer (Qibla).**

**Fact three:**

**There are two Kaabahs. One is in Makkah, and the other is in the seventh sky, right above the Kabah, called Bait Al Mamoor.**

**The Messenger (peace be upon him) of Allah, after returning from Miraj (Night Journey), said, "*Then I was shown Bait-ul -Mamur (the Frequented House). I asked Angel Jibreel about it, and he said, "This is Al Bait-ul-Ma'mur, where 70,000 angels perform prayers daily, and when they leave, they never return to it (but always a fresh batch comes into it daily till the Day of Judgment"***

**[Sahih Bukhari]**



**Fact four:**

**The foundation of the Kaabah was built by Prophet Ibrahim and his son Ismail more than 5000 years ago. It was rebuilt in the 6th century, in 608 CE, by the Quraysh tribe to protect the Kaaba from floods and later improved in 1996.**

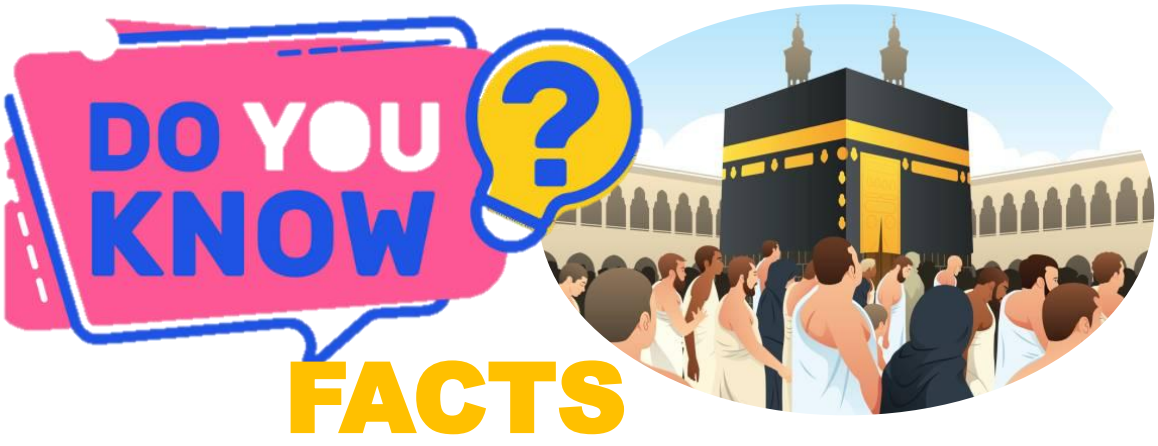
**Fact five:**

**Al-Shaibi family are the guardians of the Kaabah for thousands of years (centuries) until the Last Day who are allowed to pray inside twice a year. This includes appointed governmental official etc.**

**This happened on the conquest of Makkah where Prophet (peace be upon him) and he returned them back to Osman ibn Talha of the Bani Shaiba family.**

**Prophet Muhammad (peace be upon him) said:**

***"Take it, O Bani Talha, eternally up to the Day of Resurrection, and it will not be taken from you unless by an unjust, oppressive tyrant."***



**Fact six;**

**Inside the Kaabah, you can pray Salah in any direction.**

**Fact seven:**

**The Black Stone (Hajj Al Aswad) is from Heaven and is made of different rocks.**

**Fact eight:**

**The original dimensions were a semi-circle called Hijr Ismail (Hateem). The building was rectangular in shape and reached a height of four and a half meters. It contained two doors at the ground level but had no roof. However, the Kaabah is located in an area where it flooded every year as it was deep in the valley of Farhan. The Quraysh leaders rebuilt it to a cube shaped structure a few years before Prophet Muhammad (peace be upon him) had his first revelation from the Quran.**

# FACTS

**Fact nine:**

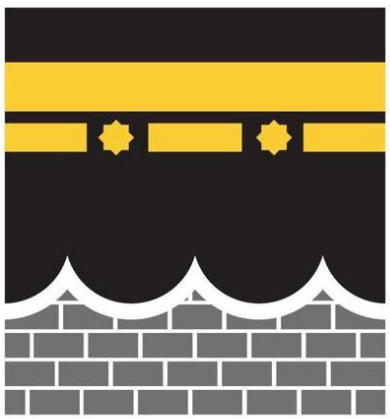
The Kaabah can be seen from space.

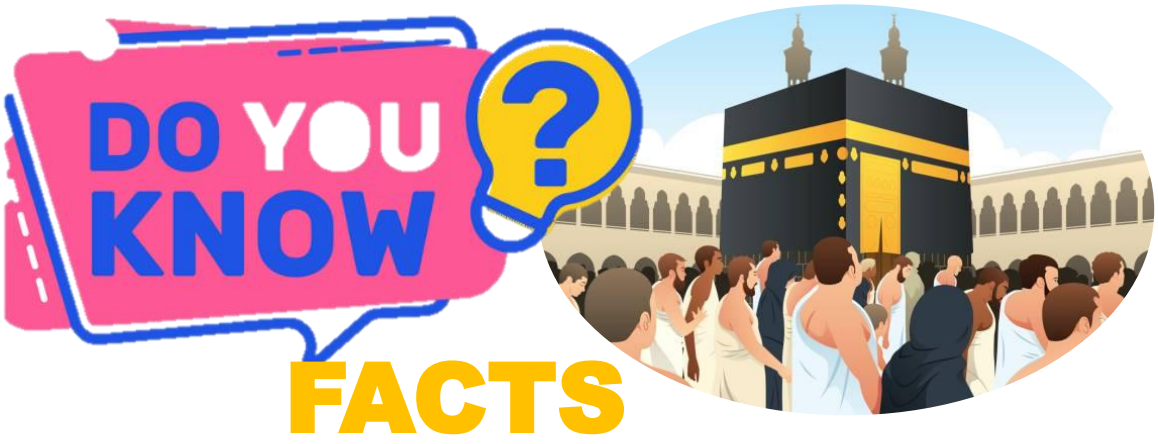
**Fact ten**

**Birds and planes cannot fly over it because there is a strong magnetic force. This is why there is no airport in the city.**

**Fact eleven**

**The name of the Kaaba cloth is called the Kiswah and has real gold embroidery made of Quranic verses. This was started by the Abbasid caliphs, whose household colour was black. The original colours were green, red, and white.**





**Fact twelve**

**The Kaabah is a cube-shaped structure with four corners (Arkan). Each corner (Rukn) of the Kaabah is a reference points during Tawaf that help make a flow of worship and keeps pilgrims following the Sunnah evenly. Rukn al-Aswad (Black Stone Corner), Rukn al-Yamani (Yemeni Corner), Rukn al-Shami (Levantine Corner), and Rukn al-Iraqi (Iraqi Corner) face a particular country. The Levant of Greater Syria includes Palestine, Jordan, and Lebanon. They are general directions, not specific country borders. Only Rukn al-Aswad and Rukn al-Yamani have Sunnah actions associated with them. The Prophet (peace be upon him) touched Rukn al-Yamani, but he did not kiss it. This is why it is a Sunnah action.**
